

**Daniel J. Squires, P.E.**  
**Director of Planning & Engineering**

December 31, 2019

REFERENCE: Adoption of 2018 IRC, IBC, IPC, IMC, IFGC, IFC & 2017  
NEC Codes

Please be advised that the City of Derby recently adopted the above referenced codes with amendments. As the city evaluated the new codes and amendments a significant effort was made to maintain consistency between requirements in Derby and other Jurisdictions. The adopted codes are generally consistent with code requirements in Wichita and Sedgwick County or retain existing differences between Derby and MABCD requirements. Attached is a summary of the more notable differences.

Enforcement of these codes will begin with new permit applications submitted as of February 1, 2020.

Complete copies of the adopted standards and other city codes are available for inspection at Derby City Hall, 611 N. Mulberry, Derby, KS 67037. The ordinances adopting each code are also available on the Building Trades and Inspections page at [Derbyks.com](http://Derbyks.com). Questions should be directed to the City's Building Official – John Wright at 316-788-6632, Ext. 1227.

Regards,

Daniel J. Squires, P.E.  
Director of Planning & Engineering
