I / We understand the following provisions and requirements and agree to the following:

1. A plot plan depicting the location of the swimming pool and fencing must be submitted with this application.
2. Every person owning, controlling or leasing a swimming pool shall erect and maintain an adequate enclosure either surrounding the property or pool area. Such enclosures, including gates, must be not less than five feet above the underlying ground level. All gates must be self-latching with latches placed five feet above the ground or otherwise made inaccessible to small children from the outside.
3. The swimming pools structures must not encroach any easement. Flat work, which is not a structural component of the pool, may, at the owner's risk, be placed within an easement.
4. Swimming pools shall observe the same side yard setback that is required for a principal structure and is required to observe a minimum 5-foot rear yard setback.
5. All draining or flushing of any water from a swimming pool shall be accomplished by means of an enclosed pipe or hose to the nearest paved street or storm sewer.
6. **It is the responsibility of the applicant to provide the person owning, controlling, or leasing a pool with a copy of this agreement.**
7. It is the responsibility of the applicant to locate property lines, locate the pool according to the approved plot plan and contact "Kansas One Call" 687-2470 for the location of utilities.
8. Any electrical outlets within 10 feet of a swimming pool must be GFCI protected.

A SEPARATE PERMIT IS REQUIRED IF A POOL HEATER OR SIMILAR EQUIPMENT IS PROPOSED.
